Hi Janet,

Can you work with the team to coordinate any feedback we would have for Mark on this plan (see below)? Can we make sure that we consider CARB's plans as we make our own this year?

Thanks,

Byron

Sorry Byron. Please find the draft compliance plan attached. The list of potential projects for EPA staff to conduct are primarily engine related and we have a lot more thinking to do on those but wanted to float the concepts at least. Any thoughts on your end of how to leverage our testing resources? Thanks

CDTi info coming under a separate e-mail

Hi Mark,

I don't think I have seen the CDTI information and the testing plans we discussed during our last call. If you are still working on them great, no issue. I just wanted to doublecheck that you have my right e-mail address, and that we don't have a technology glitch.

Thanks,

Byron
